

North Carolina General Assembly Legislation with Potential Impact on the City of Asheville Budget - 2015 Regular Session - Updated 5/11/15						
Advocacy Principle: <i>Municipal Authority</i>		<i>Like all municipalities in North Carolina, Asheville has unique economic, environmental, and cultural interests. Maintaining municipal authority to promote, regulate, and celebrate these interests is essential to enable local officials to best address local needs.</i>

Sales Tax Redistribution	S369 Sales Tax Fairness Act.	<div><div></div><div></div><div></div></div>	S369 converts the current 2% local sales tax to a state sales tax. It then changes the 75% that remains in the county where it is collected to a per capita distribution (over a three year phase in) to each county and within each county. Transportation Funding	S20/ H40 IRC Update/Motor Fuel Tax Changes	<div><div></div><div></div><div></div></div>	The bill will very quickly cut the state motor fuels tax by 2.5 cents per gallon, but subsequently create a new, higher floor for the tax which should provide stability for the transportation revenue stream going forward. Cities and towns maintain the majority of road miles within their borders, and roughly one quarter of the money spent for this purpose comes from state Powell Bill funds. If the gas tax remains unchanged, it is expected to fall by as much as 6 to 8 cents per gallon.		Ch. Local Debt	H128 Referendum for Certain Local Debt.	<div><div></div><div></div><div></div></div>	H128 would allow voters to force a referendum on debt secured by local issuances of certificates of participation (COPs) and other non-general obligation bond indebtedness. H128 would require a referendum on all borrowing for local government capital projects when 5 percent of that local government's voters sign a petition requesting a vote. In 1991, the North Carolina Supreme Court upheld local governments' use of certificates of participation and other "special indebtedness" that does not require a voter referendum. Since then, both local governments and the state have extensively used this form of borrowing, with the state having last put a bond referendum before voters in 2000. The General Assembly in 2013 placed limits on the state's use of state special indebttness going forward. Legal Notices	H156/ S129 Legal Notices/Require Internet Publication.		This bill requires Internet Web site publication of legal notices. Legislators in both chambers filed companion electronic notice bills Wednesday that failed to allow municipalities the option to publish their own electronic legal public notices in lieu of publication in a newspaper. Instead of granting that authority to local governments, H156/ S129 Legal Notices/Require Internet Publication would continue a monopoly for the press regarding electronic notice while providing little or no financial relief for taxpayers. H156/S 129 would require newspapers to publish legal notices online at no additional charge, when a governmental entity had paid for the statutorily-required print notice. HB 927 fails to tie Powell Bill dollars to proposed increases on vehicle and other related fees while reducing gas taxes that are tied to local transportation dollars. Of significance to cities, who count on Powell Bill disbursements to pay for maintenance and other road construction projects on municipal street networks, the bill would hobble future growth of this revenue stream by leaving it tied solely to the gas tax. The State, on the other hand, would see larger increased revenues over time due to the combination of gas tax growth plus growth attributable to the proposed fee increases. North Carolina General Assembly Legislation with Potential Impact on the City of Asheville Budget - 2015 Regular Session - Updated 5/11/15						
Advocacy Principle: <i>Environmental Stewardship</i>		<i>As a community committed to sustainability and environmental stewardship, Asheville needs adequate regulatory authority in order to maximize its partnership in environmental protection with state and federal agencies. As a city with a proud mountain heritage and identified as a destination for ecotourism and “green” industry, the Blue Ridge mountain region’s natural beauty is recognized as a great benefit to the community. Environmental protection is essential to a high quality of life, cultural heritage, and economic development.</i>
